

SPELLING LISTS YEAR 4 – SPRING 1

The children will be taught spelling rules in class each week following the Nelson English Spelling scheme. Below are the rules that we intend to cover each week and a **sample of the words** the children will encounter as **expected standard for their age**. The amount of words the children will learn may vary depending on the difficulty of the rule they are learning. **The emphasis should be on their understanding of spelling rules and being able to apply them to any words, including words that are not on the list.**
